# BIO

Having a mother who appeared on the original Abbey stage I knew that acting was going to be a huge passion for me . After landing a small role on RTE Fair City back in 2010 , there was no going back. Following on from that I have been very fortunate and grateful to have landed roles in many different Tv and film productions. I would consider myself a versatile actor who is very friendly and outgoing , and who can take direction well. Following a short hiatus from the acting world I am now very looking forward to see what the future holds for me
