# BIO

I'm Emily Ring, a young actor who started my acting journey in 2024. I was so excited to secure a role as the young version of a lead character in a popular series and I'm thrilled to have been part of a few more acting projects this year. Acting has always been something I've loved; I feel very comfortable and confident in front of the camera. When I'm not acting, I enjoy my hobbies like drawing, dancing and hiking. I can't wait to see where this exciting journey takes me next!
